To Make:

Fold in the two sides of the Sweet Sorbet cs after scoring either side at 2 3/4", making sure the two sides meet in the middle. Use a bone folder to smooth down. Adhere Lighter than Air DSP to front of card. Using pool party ink and small hot air balloon stamp, stamp in ink, then stamp off before stamping hot air balloon stamp onto piece of 4" x 3" pool party cs. Repeat several times. Using the triple heart stamp from the Bee My Valentine Stamp set, repeat the same step by stamping off then stamping a few hearts onto the pool party cs. Layer onto 4 1/4" x 3 1/4" piece of sweet sorbet cs. Using the Hot Air Balloon Dies, die cut one (1) small cloud and one (1) big cloud out of basic white cs, one (1) small cloud and one (1) big cloud in the DSP polka dot vellum, four (4) hearts using the Lighter than Air 6x6 DSP, one (1) banner die in Basic White DSP, and one (1) medium balloon basket out of a scrap piece of sweet sorbet cs. Using adhesive, layer your matching vellum on top of each of your basic white cs clouds and attach them to your pool party cs arranging them in a pattern where your balloon would layer over the top of them near the top of your pool party cs. Glue one of your balloon hearts to the pool party cardstock over the top of the clouds, leaving enough room to add your banner below. Fold the other 3 hearts in half and glue to each other. Glue to the heart piece on the front of the pool party base. Add the balloon basket cut out in sweet sorbet cs to the bottom of your hearts and glue down.

Stamp your sentiment from the Hot Air Balloon Stamp set onto your banner. Attach dimensionals to the back of your banner and attach it to the front of your card. Attach dimensionals to top half of your balloon panel and attach it to your card. For inside, adhere 5 1/4" x 4" piece of Basic White cs and stamp sentiment inside.
